15th Annual Mt. Adams Country Bicycle Tour – Saturday June 24, 2017

The southern slopes of Mt. Adams in June are a bicyclist's paradise with good roads, exceptional weather, cool temps, easy to challenging rides and unequalled vistas against the glorious snow clad backdrop of magnificent Mt Adams. The Mt Adams Country Bicycle Tour is the perfect way to enjoy and explore this spectacular sun-drenched area and awesome views with your fellow riders in the fresh mountain air.

The 14th Annual Mt. Adams Country Tour (MACBT) promises to be better than ever. You can choose from the 11.5/ mile Family Fun Ride (Trout Lake Valley) , the 51 Mile Loop through Trout Lake, BZ Corner, Glenwood, and back, the 54 Mile Forest Loop (up and down the flanks of Mt Adams) and the combined 105 Mile Infinity Ride (55 + 54 mile loops). Each well-marked ride takes you on quiet country roads through some of the most beautiful countryside around.

The rides are fully safety-supported with sag wagons, emergency teams, radio coverage, snacks/rest stops, optional box lunch and post-ride meals. And we've lowered the price on the Family Fun Ride so more families can afford to participate, and added more options for meals and T-shirts.

Check-In/Registration Time: 7:30 am to 11:00am

54 MILE FOREST LOOP - Start with a challenging 14.5 mill climb (2,000' gain), including a short 10% incline, then a long downhill ride with waterfalls, creeks, eagles and all the majesty this special country provides. From there a 10 mile climb up to Big Tire Junction and then a downhill ride you'll never forget takes you back to Trout Lake. 3,800' total elevation gain. Check-In/Registration Time: 7:30am to 10:00am
